

Mission Statement for the New 15 Now Tacoma

WHAT WE DO

15 Now Tacoma is a nonpartisan, single-issue community of volunteers which seeks to raise Tacoma's minimum wage to at least \$15/hour. Our goal is a minimum wage that's a living wage.

HOW WE DO THIS

We engage in events and activities such as a ballot initiative which would make this proposal into a City of Tacoma ordinance. We welcome the support and participation of all who agree with our goal regardless of political or religious affiliation, race, or sexuality.

WHY WE DO THIS

We believe elementary justice demands that the minimum wage for Tacoma's workers should be a living wage.
